Patient Consent & Privacy Act

The Privacy Act of 1988 requires medical practitioners to obtain patient consent to collect, use and disclose their personal information. The practice staff and medical practitioners may participate in the collection of information required to treat and advise you.

This includes: *Full medical history, family medical history, ethnicity, genetic information, contact details; Medicare/private health fund, billing and account details, information obtained from other sources, for example,*
(1) Other doctors (current or former), allied health professionals, dentists, hospitals, and day surgery units, or
(2) Relatives or other sources, in emergency situations where we cannot obtain your prior express consent.

Disclosure and use:

With your consent, the information is used and disclosed for:

(1) Referral to other medical practitioners, health care providers or hospital for treatment options, sending of specimens for analysis, practice management, audit, quality assurance, accreditation, complaint handling, account keeping, billing

(2) To meet our obligations of notification to our medical defence organisations or insurers, to prevent or lessen a serious threat to an individual's life, health or safety and where legally required to do so, for example, producing records to court, mandatory reporting of child abuse or notification of diagnosis of certain communicable diseases

Financial Consent:

Swan Urology operates as a private billing practice. All consultation invoices are to be paid on day of appointment and can be sent to Medicare for rebates. At the doctor's discretion, fees may be reduced if you are a pension card holder.

Consultation Fees:
Initial / Long Consultation (MBS Item 104):
Cost: $275.00 Medicare rebate: $80.85
Review Consultation (MBS item 105):
Cost: $110.00 Medicare Rebate $40.65

Operation Outcome Disclosure:

As part of continuing professional development, a surgeon is responsible for analysing operation outcomes and presenting these results for peer review. Relevant medical information collected for all patients may be used in this audit. The surgeon is bound by strict ethical regulations to de-identify the information so that it cannot be traced to an individual patient. Please discuss this with your surgeon if you have concerns or do not wish to participate in this process.

CONSENT

- I provide my consent for Dr Ooi to collect, use and disclose my personal information as outlined above.
- I understand that I am entitled to access my own health records except where access would be denied as outlined above.
- I authorise the disclosure of all past and present protected health information requested by Dr Ooi from health care professionals, hospitals or organisations.
- I understand that I may withdraw my consent as to use and disclosure of my personal information (except when legal obligations must be met).
- I am responsible for full payment of account fees, on the day of the consultation.
- I provide my consent for Dr Ooi to perform a flow test and bladder ultrasound during the consult.
